# AX-430 ELECTRONIC MEMORY TYPEWRITER

## Features

- **16 Character Liquid Crystal Display**  
The clear, easy to read display shows you exactly what you're doing, allowing you to comfortably spot and correct errors before printing, saving wastage of consumables and time.
- **22,000 Character Text Memory**  
The AX-430 can store approximately 11 pages of text in easily retrievable files, eliminating needless re-typing, allowing you to save frequently used documents or unfinished work for later revision and printing.
- **87,000 Word Spell Check**  
Help keep your letters word perfect with the built-in spell check, which alerts you to spelling mistakes as you type.
- **User Dictionary**  
Create and store over 200 special words in the user dictionary that are relevant to you.
- **Block Functions**  
With the Brother AX-430, you can move, copy and delete whole blocks of text for superb editing control.
- **Framing Function**  
Allows you to automatically print vertical and horizontal lines to highlight important text within your documentation.
- **Form Typing**  
Set up stop position formats in a file which let you fill out forms without having to manually move from one box to another.
- **Justification**  
For professional looking documents, justification automatically inserts spaces in the text necessary for neat, even, left and right margins.
- **Interchangeable Ribbons and Daisywheels**  
With a large selection of optional interchangeable daisywheels for professional quality printing.
